

January 2025

   @kchftimmsteam

Dear Parent / Carer of Year 9, 10, 11 students

12/02/2025 - Human Papilloma Virus (HPV) vaccination at The Rowans

We are inviting your child to be vaccinated against Human Papilloma Virus (HPV). If your child missed the vaccine in Year 8, they can still receive it. The HPV vaccine helps protect boys and girls against certain cancers which can be caused by the HPV infection. These include:

- Some mouth and throat cancers.
- Cervical cancer.
- Cancers of the penis and genital area.
- It also protects against genital warts.

The HPV vaccination is now given as a single dose which gives long lasting protection.

Why now?

Having the vaccine now before your young person becomes sexually active means the vaccine will be more effective at protecting them when they're older.

Please discuss this immunisation with your child and complete the online form at:

<https://childconsent.co.uk/kchft/consent/search>

before midnight on 06/02/2025 to let us know if you would like your child to receive the vaccine.

By submitting a form, you will be entered into a prize draw and the chance for you and your child to both to win a £50 Amazon voucher each.

Please submit either a YES consent or a NO consent as we will continue to invite your child to be vaccinated unless we hear from you. This may mean that one of our team calls you to obtain verbal consent over the phone. Young people can consent to their own health care if they are assessed as competent to do so. You can find more information on young people's right to consent at [NHS.uk](https://www.nhs.uk).

If your child misses the vaccination on the day, you can book a catch-up appointment at one of our community clinics via our website.

How can we help you?

We can provide communication support or information in different formats. Please tell us if you need:

- an interpreter, a British Sign Language (BSL) interpreter, or information in another language
- information in large print, Braille, Easy Read (using pictures) or audio.

If you would like to find out what happens to personal information held about you, please read the [your personal information](#) section on our Legal page. You can also read our [privacy policy](#) for more information.

Kind regards

Immunisation Service
