

Our SERVICES

Behaviour support

We can help support your staff to manage challenging behaviour using tried and tested trauma informed strategies and techniques. We use evidence based interventions which have proven to be effective in behaviour support. Our team stay up-to-date with the latest research and incorporate best practices into the outreach service delivery, remaining relevant, credible and in touch with the needs of schools and their pupils.

Bespoke support

We know that each situation is different, that each child will have specific needs and support packages must be tailored to meet these individual needs.

SENCO support

We can provide specialised SENCO support to schools that may require a greater level of support and guidance at a point in time.

Staff training

We also understand the need for upskilling staff and ensuring they feel prepared, trained and equipped to offer the support needed to the child themselves. Please contact us to discuss any staff training requirements.

Service charges

£150 half day session

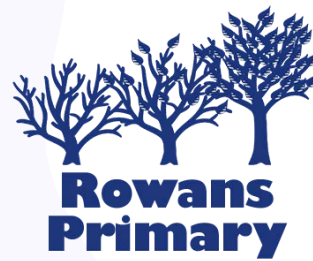

£285 day session

£105 per child per day - DEN Project

£55 per hour SENCO support

Our VISION

All pupils have the right to a quality inclusive education which nurtures their social, emotional and physical health and well-being, promotes self-esteem and builds independence.

The main aim of The Rowans Outreach Support Service is to support pupils to successfully access learning in a mainstream setting with their peers.

PROFESSIONAL Support

Meet the outreach team

Charley Gardner

I aim to provide a holistic approach to understand, respond and solve issues around challenging behaviour in young people, ultimately directing them towards cultivating positive habits that enhance their life prospects.

Jenny Nicholson

I am deeply enthusiastic about connecting with and empowering children who, for various reasons, find it challenging to access education and make meaningful progress in their academic curriculum.

Gwen Webb – SENCO

As a SENCO, I strive to ensure that students with special educational needs receive the necessary support, reasonable adjustments and resources to help them succeed academically and thrive in the educational journey.

“My child has thrived from receiving The Rowans outreach service, he enjoys school now and is in class, has made friends and is a happy child. I can’t thank them enough”

Prioritising the child's needs, we collaborate closely with families, support networks, and schools to foster reengagement with education and a sense of belonging within a mainstream school environment.

TEAM OF THE YEAR

The Rowans Primary Outreach Team were proud to receive Medway District Team of the Year at the Kent Teacher of the Year awards 2024.
