This policy is reviewed annually to ensure ways of working in the centre are accurately reflected and that exams and assessments are conducted to current JCQ (and awarding body) regulations, instructions and guidance.

This policy will be communicated to all relevant centre staff.

The Policy is displayed on the school website, staff and parents are directed to the website to ensure familiarity of all policies.

Roles and responsibilities overview

The head of centre is the individual who is accountable to the awarding bodies for ensuring that the centre is always compliant with the published JCQ regulations and awarding body requirements in order to ensure the security and integrity of the examinations/assessments.

The examinations officer is the person appointed by the head of centre to act on behalf of, and be the main point of contact for, the centre in matters relating to the general administration of awarding body examinations and assessments.

The head of centre may not appoint themselves as the examinations officer. A head of centre and an examinations officer are two distinct and separate roles. [JCQ General regulations section 2]

Head of centre responsibilities

The head of centre is the individual who is accountable to the awarding bodies for ensuring that the centre is always compliant with the published JCQ regulations and awarding body requirements to ensure the security and integrity of the examinations/assessments. **It is the responsibility of the head of centre to ensure that all staff comply with the instructions in this booklet.** Failure to do so may constitute malpractice as defined in the [JCQ publication Suspected Malpractice: Policies and Procedures](#).

Head of centre

- Understands the contents, refers to and directs relevant centre staff to annually updated JCQ publications including:
 - [General Regulations for Approved Centres](#) (GR)
 - [Instructions for Conducting Examinations](#) (ICE)
 - [Access Arrangements and Reasonable Adjustments](#) (AA)
 - [Suspected Malpractice in Examinations and Assessments](#) (SMEA)
 - [Instructions for Conducting Non-Examination Assessments](#) (NEA) (and the instructions for conducting controlled assessment and coursework)
 - [A Guide to the Special Consideration Process](#) (SC)
- Ensures the centre has appropriate accommodation to support the size of the cohorts being taught including appropriate accommodation for candidates requiring access arrangements for exams and assessments

Resilience and contingency arrangements

The centre must ensure they are familiar with the regulators' guidance on ensuring resilience in the qualifications system. Centres should consider putting in place a process for gathering evidence of candidate performance in line with the published guidance.

The centre must have an up to date written contingency plan.

The contingency plan must cover all aspects of examination/assessment administration and delivery. Senior leaders must have robust contingency arrangements in place that will minimise the risk to examination/assessment administration and delivery and any adverse impact on candidates. The plan must cover the following scenarios:

- The head of centre, relevant senior leader(s) with oversight of examination and assessment administration, SENCo, examinations officer or any other key staff essential to the examination process being absent at a critical stage of the examination cycle
- The potential impact of other events such as flooding which could lead to all or parts of the centre becoming unavailable
- Potential issues with the centre's IT systems

As part of their contingency plan centres must identify an alternative site if examinations cannot be conducted at the registered address. Larger centres may require more than one potential alternative site or different sites for different Year Groups.

The centre must have at least one senior member of staff (senior designated contact) who is available to manage emergency requests from awarding bodies that are results related during the summer holidays. However, a number of contacts can be provided to reduce the risk of this falling on one individual throughout the summer holidays.

The centre must ensure that candidates' work is backed-up and should consider the contingency of candidates' work being backed-up on two separate devices, including one off-site back-up. Centres must implement appropriate security arrangements which protect candidates' work in the event of IT system corruption and cyber-attacks.

Cyber security

The head of centre must ensure there are procedures in place to maintain the security of user accounts by:

- Reporting any actual or suspected compromise of an awarding body's online systems immediately to the relevant awarding body

Recruitment, selection and training of staff
