ROWANS PRIMARY - EXPLORE - SCIENCE
TERM 3 - USES OF EVERYDAY MATERIALS

LESSON 1

Learning Intention:

To identify everyday materials and describe their observable properties.

LESSON 2

Learning Intention:

To compare the suitability of everyday materials for particular purposes.

LESSON 3

Learning Intention:

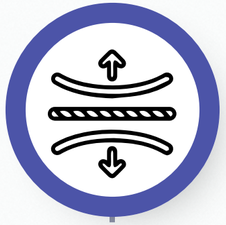

To investigate how the shapes of some solid objects can be changed by squashing, bending, twisting and stretching.

LESSON 4

Learning Intention:

To carry out a simple comparative test to identify suitable waterproof materials.

LESSON 5

Learning Intention:

To compare the strength of materials using a simple test and explain findings.

LESSON 6

Learning Intention:

To use results from investigations to explain which materials are suitable for different purposes.
